

Food Vendor Pricing Agreement

All Food Vendors (in any Food Court or on the Street – including “consumables”) will post signage that clearly states the price of all items available for sale.

In addition, the pricing posted at your Food Booth will be inclusive of all Sales Tax, Credit Card Charges, and any other Festival Upcharges. The verbiage “Sales Tax Included” should be added to your signage (if you are required to charge sales tax on your product).

For example:

If the food item is \$10, the customer will pay \$10. No additional charges are to be added to the total bill.

Please acknowledge by signing and submitting this form along with your application.
